Pablo León-Villagrá

pablo.leon.villagra@brown.edu

May 3, 2022

214, Power St.
02906 Providence, RI
United States

Research Interests

Empirical research and computational modeling of higher-level cognition, with emphasis on human representation-learning and generalization in function learning, categorization, and causal learning.

Education

2015–2020	**Ph.D. University of Edinburgh** Thesis Title: Representational Principles of Function Generalization Supervisor: Prof. Dr. Christopher Lucas
2012–2015	**M.Sc. Cognitive Science, University of Osnabrück** Thesis Title: Causal Reasoning and the Markov Assumption in a Physical Microworld Thesis Grade: 1.0 (A), Overall Grade: 1.0 (Distinction) Supervisors: Prof. Dr. Frank Jäkel, Prof. Dr. David Lagnado
2010–2011	**New Bulgarian University** Semester abroad
2008–2013	**B.Sc. Cognitive Science, University of Osnabrück** Thesis Title: Categorization in Chess Thesis Grade: 1.0 (A), Overall Grade: 1.2 (Distinction) Supervisor: Prof. Dr. Frank Jäkel

Academic & Research Experience

2021–today	**Postdoctoral Research Associate, Brown University, USA** Work at Daphna Buchsbaum's Computational Cognitive Development Lab
2020–2021	**Research Fellow, University of Warwick, UK** Project: Searching for the approximation method used to perform rational inference by individuals and groups.
2019–2020	**Visiting Ph.D. student in Daphna Buchsbaum's Computational Cognitive Development Lab, University of Toronto, Canada** Six–month visit during which I ran developmental studies in categorization.
2019	**Participant at the Diverse Intelligences Summer Institute, University of St. Andrews, UK.** A month-long summer institute hosting lectures and projects regarding issues of computational, social and comparative cognition.
2018–2019	**Tutor for Informatics Research Review, University of Edinburgh, UK** Tutoring informatics master students in writing a research review and structuring their research projects.
2016-2019	**TA, Tutor, Demonstrator & Marker for Introduction to Cognitive Science, University of Edinburgh, UK**
2018–2019	**TA, Tutor & Marker for Computational Cognitive Science, University of Edinburgh, UK** Developing materials for the tutorials in R. Tutoring and marking an undergraduate-level class in computational modeling.
2016–2019	**TA, Tutor, Demonstrator & Marker for Introduction to Cognitive Science, University of Edinburgh, UK** Developing materials for course exercises, labs and assignments in Python. Tutoring and demonstrating an introductory course in Cognitive Science.
2017	**Internship at the Alan Turing Institute, London, UK** During the three-month internship I developed and implemented a prototype app to allow citizen engagement through interactive explanations.
2014	**Research Assistant in Frank Jäkel's Cognitive Modeling Group, University of Osnabrück, Germany** Developing, programming, running and analyzing human categorization experiments.
2014	**Research Internship at Dave Lagnado's Causal Cognition Lab, University College London, UK** Three-month visit during which I developed experimental designs and researched causal cognition.
2013–2014	**Tutor for Multivariate Statistics, University of Osnabrück, Germany** Tutoring psychology master students in multivariate statistics. Supervision of theoretical and SPSS exercises.

Presentations

2021	**Poster Presentation: Virtual CogSci, Vienna** Title: Recovering human category structure across development using sparse judgments 43rd Annual Meeting of the Cognitive Science Society 43
2021	**Poster Presentation: Virtual CogSci, Vienna** Title: Sampling Associations with (Un) related Suggestions 43rd Annual Meeting of the Cognitive Science Society 43
2020	**Talk: Providence, RI, USA** Title: Uncovering the development of categories with MCMC with children Developmental Brown Bag Seminar Series, Brown University
2019	**Talk: Dubrovnik, Croatia** Title: Generalizing Functions in Sparse Domains XI. Dubrovnik Conference on Cognitive Science
	Talk: Cambridge, MA, USA Title: Human Function Generalization MIT-IBM Research
2018	**Talk: Darmstadt, Germany** Title: Data Availability and Function Extrapolation 14th Biannual conference of the German Society for Cognitive Science Best Presentation Award
2017	**Poster Presentation: London, UK** Title: Identifying Causal Direction in the Two-Variable Case 39th Annual Cognitive Science Conference
	Talk: Osnabrück, Germany Title: Human-like Function Learning and Transfer Colloquium of the Institute of Cognitive Science
2016	**Poster Presentation: Windsor, UK** Title: Human-Like Function Learning and Transfer Workshop: Human-Like Computing Machine Intelligence Workshop
2015	**Talk: Kunsthaus Muerz, Austria** Title: Kausales Denken - Bayesianische Modelle im Dialog mit der Wiener'schen Denkpsychologie Symposium: Oswald Wiener: Selbstbeobachtung - Denkpsychologie
	Poster Presentation: Möhnesee-Günne, Germany Title: Categorization in Chess Interdisciplinary College, Möhnesee-Günne

Scholarships

2015–2018	**Ph.D. Scholarship** School of Informatics, Institute for Language, Cognition and Computation

Technical Skills

Skills	Bayesian Methods, Machine Learning, Deep Learning, Full stack web development
Languages	Actionscript, JavaScript, MATLAB, Node, Python, R, Scala, SQL, SPSS, TEX
Tools	Git, GPy, GPFlow, Inkscape, Markdown, React, Psychtoolbox, PsychoPy, PyMC3, PyTorch, Stan, scikit-learn

Languages

German	Mother tongue
Spanish	Mother tongue
English	Fluent
